

ECM *III* Cartilage & Joint Repair

R. Geoff Richards

Mauro Alini

Charlie W. Archer

Student Prizes ECM *III*, 2002

- A student award was established in the 1st European Cells & Materials Meeting in order to give young scientists recognition of their scientific performance, which could be documented in their curriculum vitae, and to encourage them to continue their research career.
- Mathys and Stratec companies sponsor the awards, which consist each of a certificate (which can be documented on the curriculum vitae), cash prize and free conference dinner.

Evaluation Criteria

- Evaluation criteria will included quality and presentation of material in the abstract; the contribution of the presented work to the field; the clarity and the informative aspects of the presentation; the appropriate use of visual aids; the ability to interact with the audience during the discussion period including the presenter's knowledge of the research field and involvement in the entire project.

Louise Baxter : Joint first student poster (Alan Grodzinsky)

ECMIII Cartilage & Joint Repair-Student Prizes

Biago Gargiulo: Joint first student poster (Alan Grodzinsky)

Sibylle Grad : Best Post-doc poster (Alan Grodzinsky)

Sam Redman : Joint first student oral
(Brian Johnstone & Jim Ralphs (not in image))
